Profile

UI/UX Designer with 5+ years in digital design, specialising in responsive web interfaces, user flows, wireframing and high-fidelity prototyping in Figma. Experienced in turning stakeholder requirements into clear, accessible (WCAG) designs and supporting developers through handoff. Recently completed the IBM UI/UX Designer, Professional Figma UI/UX Design and IBM Generative AI Engineering certifications, bringing current skills in design systems, usability testing and AI-assisted design workflows. Portfolio of case studies at https://uravi.co.uk/casestudies.

Core Skills

- **UX design:** User research, user interviews, personas, journey mapping, user flows, information architecture, wireframing, usability testing, design thinking
- **UI & product design:** Visual design, responsive and mobile-first layouts, high-fidelity prototyping, micro-interactions, design systems, component libraries
- **Accessibility & quality:** WCAG 2.2, inclusive design, design consistency, data-informed design
- **Tools:** Figma (auto layout, components, variables, Dev Mode), FigJam, Webflow, Adobe Creative Suite (Photoshop, Illustrator), Jira, Miro
- **AI in design:** Figma AI, ChatGPT, generative AI for ideation, research synthesis and content
- **Collaboration:** Stakeholder communication, developer handoff, Agile/Scrum teams

Professional Experience

Career Break | **Maternity & Professional Development** October 2022 – Present

- Planned career break for maternity and childcare, used to refresh and extend UX skills for a return to full-time design.
- Kept UX skills current through IBM UI/UX Designer and IBM Generative AI Engineering certifications (2026), alongside self-directed portfolio projects.

UI/UX Designer | **Netrix Ltd,** Borehamwood April 2022 – September 2022

- Designed responsive UI for the Modex website in Figma, creating consistent layouts and reusable components across desktop, tablet and mobile.
- Turned stakeholder requirements into user flows, wireframes, interactive prototypes and UI specifications, giving developers clear guidance through handoff.
- Redesigned key user journeys on the GMB union website membership sign-up, contributing to 28% membership growth in one quarter.
- Worked Agile team with devs to review builds against designs and keep UI quality consistent.

Web & Digital Designer | **Party Buz**, Farnborough August 2018 – July 2021

- Designed e-commerce website pages and promotional banners aligned with seasonal campaigns, keeping a consistent experience from social media to checkout.
- Created digital campaign assets for social media and e-commerce channels, maintaining brand consistency across all promotions.
- Produced digital and print marketing assets to support sales across online and offline channels.

Web & Graphic Designer | **The Knowledge Academy**, Bracknell June 2017 – December 2017

- Led the company website redesign, from responsive wireframes to final UI, improving navigation and page layout for usability.
- Developed brand assets including a logo, icon set and supporting visual materials.

Certifications

- IBM UI/UX Designer Professional Certificate – IBM (Coursera) 2026
- IBM Generative AI Engineering Professional Certificate – IBM (Coursera) 2026
- Professional Figma UI/UX Design Specialization – Udemy 2022

Education

- Bachelor of Fine Arts - Raja Mansingh Tomar Music and Arts University, Gwalior 2011-2015
- Diploma in Web & Graphic Design - Arena Animation, Indore 2009-2010
